My Products & Services: View and Manage Your Services

Services and Email · https://www.hyyat.com/en/knowledgebase/my-products-and-services/

In short: All your services on one page: top menu Services → My Services. Each shows its amount, next due date and status. Click a service to see its details, log in to cPanel, or request an upgrade or cancellation.

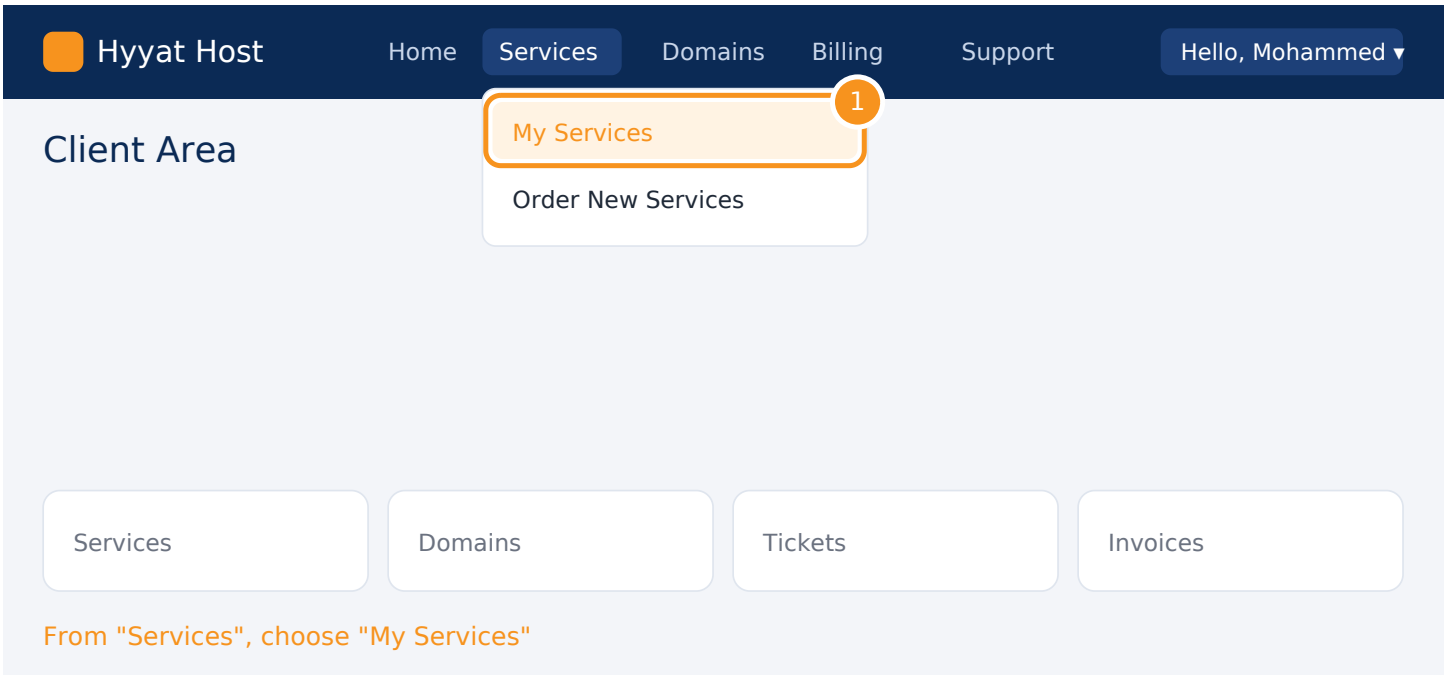
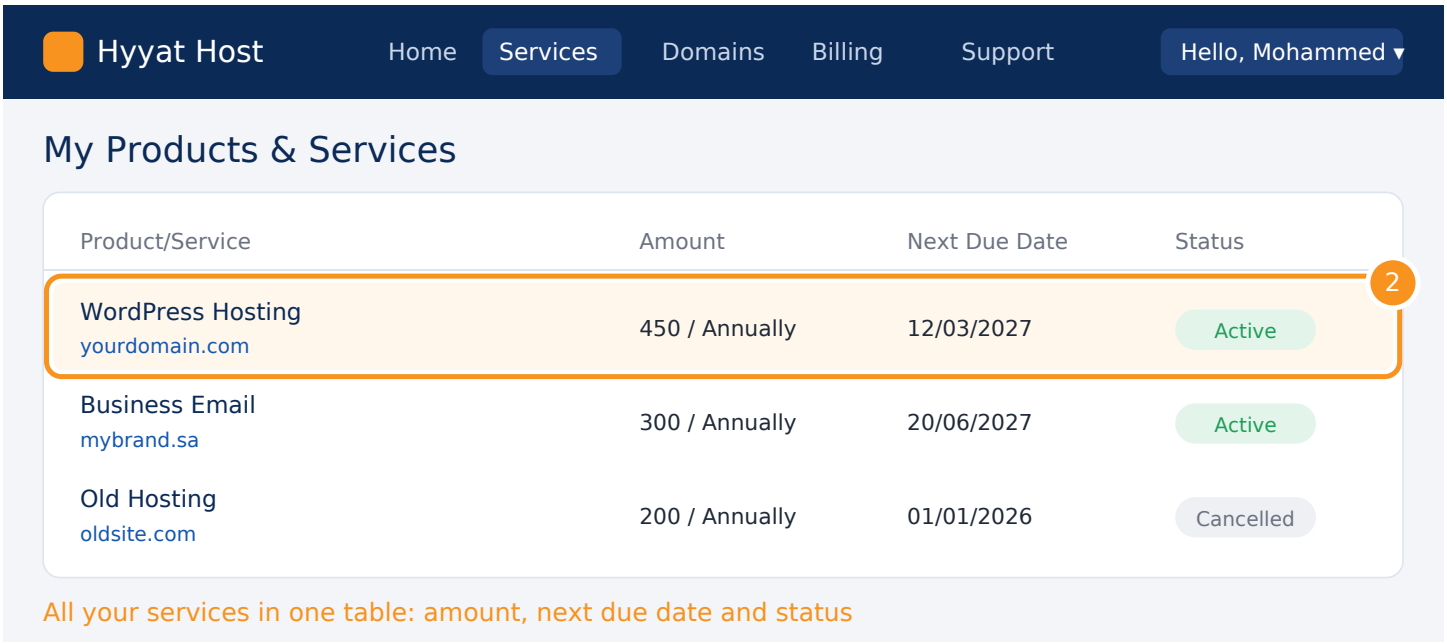
How to view your services

1. Log in to the client area with your email and password, or with the Google account linked to it.
2. From the top menu open **Services → My Services**, or open it directly. Your active services are also on the home page.



A table shows all your services:

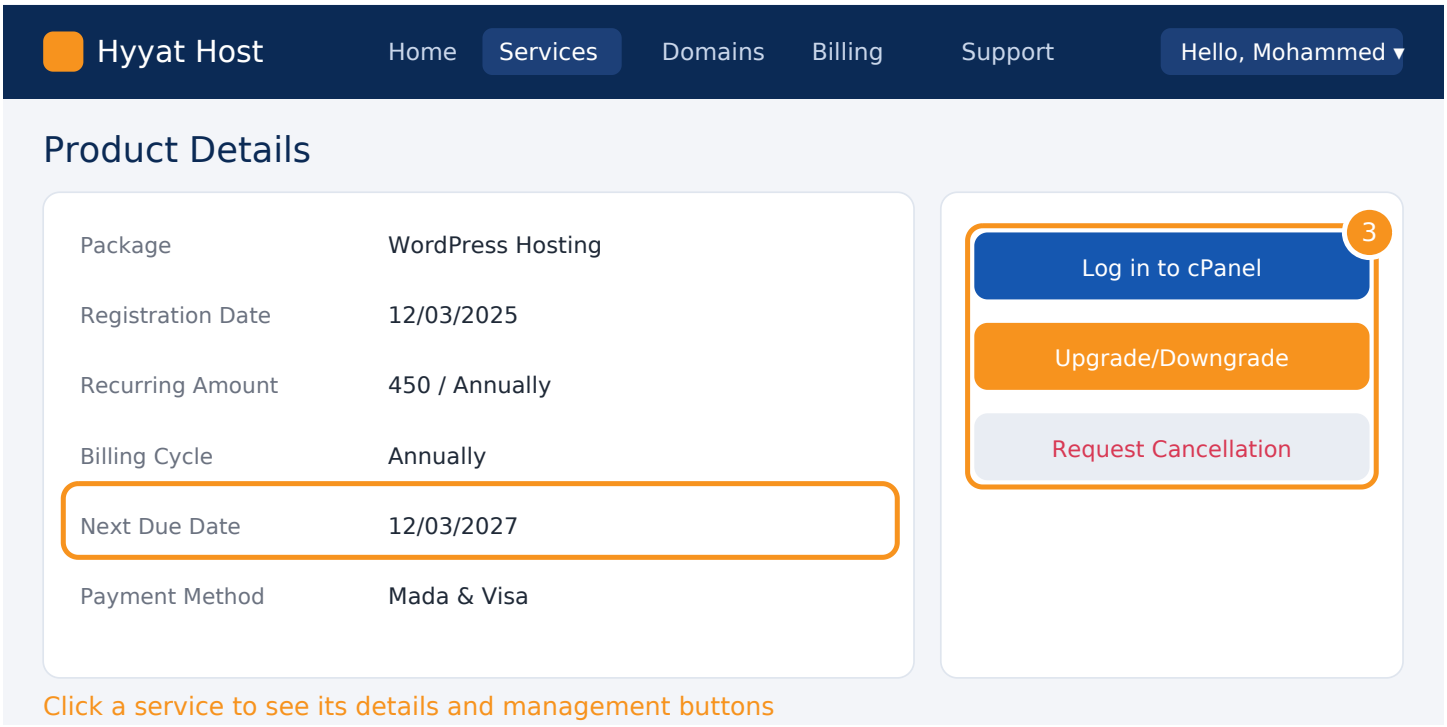


Column	Meaning
Product/Service	The plan name and its domain
Amount	The renewal amount and billing cycle (monthly, annually…)
Next Due Date	The date the service is due for renewal. See when your services expire.

Status	Active, Pending (awaiting payment or setup), Suspended, or Cancelled

The service page

Click any service to open **Product Details**: package, registration date, recurring amount, next due date and payment method, plus management buttons.



- **Log in to cPanel** directly without a password. See logging in to cPanel.
- **Upgrade/Downgrade** when you need more space or resources.
- **Request Cancellation** if you no longer need it. See cancelling hosting.

Status "Suspended"? Usually an overdue invoice. Pay it from Billing and the service resumes after payment. If it does not, or the reason is different, open a support ticket.

FAQ

Where are my domains?

Under Domains → My Domains. See domain auto renew.

Where are my hosting login details?

In the welcome email, which you can find in Email History.

Why is a cancelled service listed?

Cancelled services stay listed for reference and get no invoices.

I want a new service.

From Services → Order New Services; it is added to the same account.
