login the storage box from the customer area

introduction

We will explain how to access the storage box service after purchasing and activating it in the **Hyyat Host** client area

1- We log in through the client area through the following link

client area

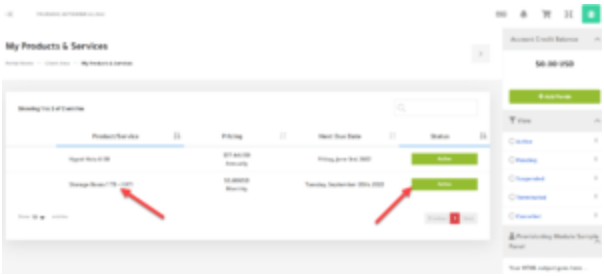

We enter our email and password

2- After logging in, we go to the services and click on them to show us the services that we have subscribed to

3- After our services appear, we click on Storage Boxes until we enter and control the service

4- After entering the storage box service, the control panel will appear in the storage box, and this is what we will explain in the upcoming lessons.
